

Welcome Tam O'Shanter

The story of Tam O'Shanter is legendary. His place in our heritage is one we are extremely proud of, so we've made his famous tale a main feature in our mural. We are proud to reveal the first portrait of Tam leaving the tavern to begin his exciting adventure home. Our artist Chris Rutterford has executed the scene skilfully and

beautifully. You can feel the heart and soul of each portrait. You'll be able to view this latest masterpiece in a few weeks along with an amazing new pathway! Once again, you'll be captured by the essence and the energy of the mural but this time, from a new viewing platform!

cAyrFest 

It's the people that make places, so we've actively involved the community in our project so that everyone has an opportunity to take part and help us achieve the transformation of the tunnel. Over 2,000 have helped so far!

One of the community groups we've loved working with is South Ayrshire Young Carers. We teamed up with The Iris Ayr to provide some of the children with an opportunity to learn filmmaking skills and help us tell the history behind the Ayr Racecourse. The Young Carers also got involved in painting the mural at the Cutty Sark. We're looking forward to celebrating the valuable role Young Carers play by supporting C-Ayr-Fest on 22nd February. Come and visit our stand at the Grain Exchange, High Street Ayr, for some fun art activities.

If you know someone who is caring for a friend of family member get in touch with carers@south-ayrshire.gov.uk so they can receive support.

Telling the stories of our Ayrshire heritage

We're tying in so much history and heritage to the tunnel by making a series of short films and creating blogs to help visitors learn more about Ayrshire life and history. These are accessed by QR codes from our

mural and will link to our website where the films can be viewed.

Here's what we have achieved over the autumn:

Spes Bona: Hear from Ayrshire Fisherman Robin Gibson, co-owner of local fishing boat 'Spes Bona,' about his life as a fisherman on the Firth of Clyde.

We worked with the children from Fisherton Primary School to help tell the story of **Buckie Munro**. He's famous because he's one of the fishermen of Dunure who went to the rescue of the Valkyrian which was wrecked in hurricane force winds off the coast of Dunure during a storm.

Culzean Castle & Country Park NTS is often referred to as the 'Jewel in the Crown' of Ayrshire. The pupils at Culzean Primary School are very lucky as it's right on their doorstep. We arranged for them to have a special guided tour with Alastair Law, Operations Manager, to find out more about their favourite country park.

Turnberry Golf is famous worldwide. In this film we invited the P5/6 pupils at Maidens Primary School to interview Ricky Hall, Director of Golf at Trump Turnberry to learn more about the history of their village and what makes the golf course unique.

P7 Pupils from Minishant and Crosshill Primary School perform a poem about Robert the Bruce who was born in Turnberry Castle.

Have you read any of our blogs? We cover a wide variety of topics including walking, cycling, beekeeping, steam trains, local history and memories of Ayrshire. <https://allowaytunnel.wordpress.com>

Additional New Project for ART

Paths For All Funding Award

We are thrilled to have been awarded an up to £100,000 grant from Scottish national walking charity Paths for All's Ian Findlay Path Fund to upgrade the active travel route running through the tunnel, enabling the local community to walk, wheel or cycle more for their everyday journeys.

This is a tremendous boost for our project. Initially we were focused on creating a mural, however, this new injection of funding means that we can now upgrade the active-travel path.

From 22 January and in partnership with Ayrshire Roads Alliance, we have started to create a new surface which will provide a safer and more colourful, joyful journey through the tunnel. We've improved the drainage at the entrance and cleared some of the overgrown shrubbery. This will make the path safer and more accessible. We've been advised work will be ongoing for a period of 6 weeks with the tunnel closed at times as necessary for public safety.

We'd like to thank Paths for All's Ian Findlay Path Fund, supported by Transport Scotland and the Scottish Government, for the opportunity to upgrade the path.
